

Juniors

Junior Section – Small People, Big Talents (and Even Bigger Glitter Supplies)!

Welcome to the Junior Section — the part of the show where imagination runs wild, the glue sticks never dry, and the parents definitely didn't help (...much).

Whether it's a hand-crafted masterpiece, a wobbly cake held together by sheer determination, or a vegetable creature with serious personality, our junior competitors bring colour, chaos, and creativity in spades.

Expect proud grins, a few “creative interpretations” of the brief, and enough sprinkles, googly eyes, and paint splatters to redecorate the village hall.

It's adorable, it's impressive, it's occasionally unidentifiable — and we wouldn't have it any other way. Come support the next generation of show legends... and bring wet wipes.
